

## As-Built Procedure

### Appendix A, Field Verification Certification Sheet

Page 1 of 1

#### Qualified Professional Certification for Orders that have Missing or Incomplete As-Built Documentation

I certify that the construction work referenced in the attached as built documentation for PM# 35482492 has been **field verified** and:

- Built as designed
- As-built redlined (**redlines [design changes]** must be indicated on construction drawing and all as-built documents)

NOTE: If a location has been superseded by a more recent job, provide appropriate field notes.
